

## Primary student use of mobile phones and personal devices

March 2021

### Purpose

This policy provides direction to students, staff and families about managing **mobile phones** and other **digital devices** that students choose to bring to school. Digital devices include, but are not limited to, **smartwatches, tablets or laptops**. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

### Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

### Storage of personal devices

Students' personal devices will be held securely at the front office.

### If the student does not comply

- Step 1: is a reminder/warning to the student that they have been in breach of the department's policy that primary aged students cannot use their mobile phones and personal devices
- Step 2: the parents/care givers will be contacted and asked to support and reinforce the department's policy
- Step 3: the student is sent with their device to a member of the Leadership Team and the device is confiscated. Parents/caregivers to be contacted to discuss the return of the device (to the student or their parent/caregiver) after school.
